These choreographic rights are retained by the teacher as the sole owner of the choreography. Further, the parent and dancer agree that the choreography, while it may be recorded for the enjoyment of the dancer and his/her family, will not be posted to social media, presented in other forms, or performed at any other venue without the expressed agreement of the choreographer and school. Requests for performance should be made to the choreographer and school in writing. **Requests for posting to social media will not be approved.** All competitions ban the recording of performances and doing so will result in disqualification of the dancer and/or studio.
